IT'S TIME TO ROCK AND ROLL AT CONVENTION!

Against all odds, we are back for an in-person state convention! This year’s convention theme is “Cantantes licet usque (minus via laedit) eamus.” “Let us go singing as far as we go – the road will be less tedious.” - Vergil, Eclogues 9.64. In honor of the theme, we’ve made a collaborative Spotify playlist for our convention office this year, which can be found here! We’ve also included a little lineup of the rockstars of the VSCL (aka the outgoing board) on page 2. Since this is my last publication of mine, I decided to include some of the best pieces from the last year of MM’s and QQ’s. On page 3, we have our merch catalog from the January MM. We have some sweet valentine’s from our VJCL admirers on page 4, and then some words of wisdom for our new slashers and SCLers on page 5. And lastly, we have nugae with memes and clickable TikToks on page 6. Lastly, I want to say that it has been an absolute pleasure bombarding your inboxes with random combinations of a muted purple and gold color palette and random TikToks. As a final goodbye, please remember to follow me on Instagram @kashi.nikore, since I can’t be with you all on the VSCL account anymore. You should probably follow that account too though.

Dear VSCL,

Though the victory of the meme war was most rightfully ours, I would like to make amends with you. Take what I said in a playful kind of way, please, I have no intentions of ever hurting you. For this is the season of love and making amends. Let my attempt for us to be close blossom a new kind of relationship between us- a relationship that will never falter like it did during the meme war. Being with you as organizations will forever bring a smile to my face.

Love for many more meme wars,
A VJCL'er

Dear VSCL,

I haven't known you very long, but I have seen that you are a vivacious, wonderful being that has endless energy to plan That's Entertainment, stand in the Starbucks line with me, and attempt to salvage the wrecked ruins of your dignity from the meme war time after time at 3 am (yes, all three at the same time). Even Hercules just can't compare, he never had to do three such labors at once. If I were of the legal drinking age (which I likely am in ancient times), I would spend my nonexistent allowance investing in Starbucks for you (please note how my allowance is nonexistent).

Love for many more meme wars,
A VJCL'er
